This tenth book in the Take A Walk series includes all popular walking tracks and routes in Kosciuszko; from the Pilot Wilderness Area in the south, through the Main Range to Jagungal Wilderness Area, and north past Yarrangobilly to the Bogong Wilderness and Tumut areas. With around 1300 kilometres of walk descriptions, there's something in this exciting new edition to suit everyone - from families with children, to active travellers and hard-core bushwalkers. There's plenty of quirky fact boxes, as well as detailed notes on evolution, environment, road access and facilities for each section.

❖ **Hi All.**

Another Easter another work party which went extremely well. Heaters in rooms 1,2,&3 installed and working, good heating temperature setting No4, need to have instruction on heaters to leave on 4.

Re-cemented the front entrance with mesh grid insert, thanks to one of our paying guests and friend who is a professional concreter. A good bottle of wine would be in order as a thank you.

Albert did the usual cleaning the lounge room heaters, replaces a wall heater room 1 and played with the new electronic weather station for the lounge and general everything.

Carolyn had a final clean of the lodge when the visitors had gone.

Jan, Pat, Jeanette & Carolyn did the restock and new doona covers.

Jan and the diggers planted out natives on the south side boundary.

Replaced the shower plinth tiles in room 9.

Thanks again to all the crew who did a great job.

Ps Graham, no pictures were purchased by Pat this year.

Next visit to the lodge June long weekend for the music festival and maybe one or two jobs, anybody interested? Regards Alan Marshall

- ❖ **Hurry ! Priority bookings** close at the GPO Box 2357 on Wednesday **31 March**. Remember also that if you are include friends on your booking application then your booking becomes a 'B class' booking and will only be considered after all 'A class' bookings have be allocated.

❖ **Working Bee – February 2010**

Special thanks to Albert Browne, Pat Martin, David and Robin Longhurst, Jan and Mal Macfarlane who repainted the lodge corridors, scrubbed the walls in all bedrooms to prepare for painting, washed all the bedding and re distributed it so that each bedroom now has 4 pillows, a king size doona plus 2 small doonas and 2 blankets.

Outdoors the trees were trimmed back from the building and fire escape and the long grass was slashed to clear it from around the building.

Also Albert install the experimental snow barriers along the roof, the barriers are based to a European designed

## **Vancouver Olympics**

Wild Congratulations to NSW XC Team athletes Ben Sim, Alex Almoukov and their coach Nick Almoukov. The same to Esther Bottomley, Paul Murray and National XC Coach Finn Marsland. They are all off to the Vancouver Olympics.

Ben has qualified by being very good at everything! He is qualified to compete in five events: 15km Freestyle, Individual Sprint Classic, 30km Pursuit, Team Sprint Freestyle and 50km Classic – what an athlete!

Esther and Paul will both compete in Sprints, Esther in the individual Classic Sprint and Paul in the Individual Classic Sprint and the Team Sprint Freestyle.

Alex and Nick's extraordinary focus and dedication have resulted in qualification for two Biathlon events.

Callum Watson also met the qualification standards, but was snookered by the lack of a position for him – next time!

Congratulations also to Katie Calder, CAC member and former Aust National Team member, who will be skiing for New Zealand in Vancouver.

**Irina Almoukov, Alex's Mum is in Russia, a long way from Vancouver. A fund has been set up to try to get her to Vancouver (tickets to Alex's events are already waiting for her). If you would like to make a contribution toward Irina's travel expenses, you can make a direct deposit into NSW Snowsports Westpac account :**

**(BSB 032-728 acct # 168910 – description, Alex and your name).**

**Time is short, so if you would like to contribute, please do so by Thursday, 4/2/10.**

## **Perisher Trails / Nordic Shelter Work parties**

Although work will be done on the Shelter this summer, the focus will be on the trails (a nice change). The Park has several areas supplied with new snowfence material, dropped off during the winter. NPWS staff will install the fencing in the coming months. They are also in the process of obtaining a rock splitter. Those vicious rocks with the orange spray paint on them are targeted for removal but probably not until the March work party.

Focus for the Feb work party will be pole installation, coloured arrow attachment, general trimming of shrubberies and hazardous regrowth, rubbish collection around all the trails.

Alan Civil will be M/C for weekend with assistance from Peter Cunningham on Sunday.

Work Party dates: February 6/7

March 6/7

April 10/11

May 1/2

Canberra Alpine Club has, incredibly generously, offered accommodation for work parties. CAC has done this for many years. It is the kind of contribution that really makes the work parties successful and fun. Please call Peter Cunningham on 0411 129363 if you require accommodation at the lodge.

Please respond to this email if you can help with the first working bee, Feb 6 & 7.

### **Nordic Shelter Building Fund**

Australian Sports Foundation fundraising continues, but not for long. A short extension has been granted by ASF to allow contributions through winter 2010. So there are two more opportunities for tax-deductible donations. A donation form is attached.

This summer should see the replacement of the north wall, completion of the safety railings, safety grids on the south ground floor windows and the installation of a display case (for trophies that have been floating around homeless for years).

### **Online event registration**

Online systems are being investigated for entering events this coming winter. Once the system is in place, we will put the word out. There have been many requests for this kind of system and especially the means to make payments by c/c or online. This winter will be a trial of the system, but it should make life easier for both competitors and organisers. Paper forms will be available in the Shelter, as always.

### **Masters Series Competition**

Congratulations to Dave Cigana who won a return trip for two to New Zealand, courtesy of Justine Couper of MTA (Mobile Travel Agents). Thanks to all the skiers who skied in the various events and met the requirements to go into the draw. It was, at times, a challenging series of competitions!

The 2010 Masters Series is being planned with some changes to eligible ages and more of the fun events included in the series. As before, the prize will be awarded based on participation, not results – all the qualifying skiers will go into a draw for the big prize at the end of the season. Details will come out closer to winter.

**World Masters Success for Australia** – below is excerpt from a Zac Zaharias email

*“Irene Dunn won Gold for Australia at the World Masters Winter Games in the 7.5 km Biathlon Individual Event at Pokljuka, Slovenia in the BF3 (40-44 year) category. Irene was first with 5 penalties in a time of 34:27 beating Russian and ex-Olympic Biathlon Gold Medallist from Lillehammer, Nadzeda Talanova by 1 min 24 seconds with 11 penalties.  
Irene’s Gold is the first for an Australian Woman biathlete at a World Masters Championship Event”*

Congratulations to Irene and good luck for the rest of the competition.

Best wishes for a good summer,

Peter Ward

#### ❖ **May 2009**

This winter will be a very different one for XC skiing in the Perisher Range area – there have been some changes around the place:

Perisher's franchise rights changed with the signing of their long term lease. There is now a line along Kosciusko Road and many activities can take place on the south side of the road that were limited before. In particular, instruction can now be provided by anyone with a NPWS Commercial Tour Operators' Licence. This is something that the XC community has lobbied for and is pleased to see in place.

Another change is the establishment of a temporary XC ski hire in the Ranger Station. Changes to the Perisher Ski Centre meant that the cross country services there had to be shifted. NPWS has called for tenders for the provision of hire and other XC services and a decision will be made shortly. We are grateful to NPWS for providing the space and facilitating this project.

And the grooming. Hans Oversnow has been upgrading machinery all summer and was ready to go as soon as the snow fell. They have been hard at work and skiers this weekend will probably get a pleasant surprise.

Thanks to NPWS for the enormous financial, material and administrative support and direction that is being provided for XC in the Perisher Range area. Where would we be without it?

#### ❖ **May 2009**

- A reminder the 2009 subscription fee of \$75 is due on the 1<sup>st</sup> March. Please ensure your payment is forwarded.
- A new ping pong table will be ready this winter for those who enjoy a game or two.
